

How To Change Your University Accounts' Passwords

Email

1. Go to https://www.onenet.net/password/index.phtml?OneNet_Session=
2. In the Username box, type your email address (i.e. abc1234@langston.edu). In the Password box, type your current email password. Click on "Login Now."
3. A new page will come up; follow the instructions on this page to change the password. The password requires the entry of 4 to 16 characters, including spaces and punctuation marks, except colons. **It is highly recommended to use a combination of characters for the best security and prevent hacking.** Passwords cannot be the same as your username.
4. The OneNet Email system processes password change requests on the hour so please check it then.
5. If you have questions or need assistance, please call ITS at 405-466-3500.

Computer Login

1. You must contact the ITS Office by either visiting Gandy Hall or call 405-466-3500.
