GRANT INFORMATION

Greetings,

In collaboration with the NASA International Space Station (ISS) Program Office, NASA's Established Program to Stimulate Competitive Research (EPSCoR) invites you to review submitted ISS Flight Opportunity proposals.

The NASA HQ Office of Education has asked the NASA Research and Education Support Services (NRESS) to seek persons to evaluate proposals submitted in response to the FY 2017 NASA Cooperative Agreement Notice announced by NASA Headquarters' Office of Education on December 5, 2016. Detailed information regarding NASA EPSCoR proposal requirements and evaluation criteria are contained in the solicitation posted by NRESS on the NASA Solicitation and Proposal Integrated Review and Evaluation System (NSPIRES). NRESS will post all proposal assignments on NSPIRES and your reviews must be submitted electronically via NSPIRES.

NSPIRES can be accessed at <http://nspires.nasaprs.com>, click on Solicitations, then open announcement number NNH17ZHA001C to view the EPSCoR solicitation. Please view the solicitation to determine your interest in serving as an EPSCoR peer reviewer and respond at nasa.epscor@nasaprs.com. Please also register at <http://nspires.nasaprs.com> and indicate your contact information and research area of interest and/or expertise as soon as possible after receiving this email.

If you volunteer and register in NSPIRES, you will be contacted during the second week in April to finalize proposal assignments. The online review period is currently scheduled for March 10 – April 4, 2017. It is anticipated that reviewers will be asked to review one to three proposals of approximately 15-20 pages in length. Non-civil servants will receive an honorarium of \$100 for the first proposal reviewed and \$50 for each additional proposal fully reviewed and submitted online to NSPIRES by the close of the review period.

EPSCoR Background: NASA EPSCoR is a congressionally mandated grant program designed to strengthen the research capabilities of states that have not in the past participated equably in competitive aerospace and aerospace-related research activities. EPSCoR provides the 27 eligible states with funding to develop a more competitive research base within their state and member academic institutions.

Each funded NASA EPSCoR proposal (award) is expected to conduct research that will make a significant contribution to the strategic research and technology development priorities of one or more of NASA's Mission Directorates (Aeronautics Research, Human Exploration and Operations, Space Technology, and Science). Each award is also expected to contribute to the overall research infrastructure, science and technology development capabilities, higher education, and economic development of the state.

Thank you for your prompt attention and response to this request.

NOTE: This email is for information gathering purposes. Willingness to participate in the EPSCoR review does not guarantee a proposal will be assigned.

Register to Attend the 2017 Oklahoma NSF EPSCoR State Conference

Registration Deadlines

Registration w/Poster Submission: March 15, 5 p.m.

General Registration: March 21, 5 p.m.

Researchers from across the state will gather to highlight Oklahoma's climate research efforts during the annual Oklahoma NSF EPSCoR State Conference on Friday, April 7, 2017. The event will be held at the Embassy Suites Hotel (1815 S. Meridian Ave.) in Oklahoma City. EPSCoR scientists and special guest speakers will address topics including integrative modeling of human-natural systems, observing social and ecological systems in a changing climate, and decision-support tools produced through the EPSCoR award.

Students, post-docs, and faculty affiliated with the OK NSF EPSCoR project have the opportunity to register to present posters during the event. Undergraduate and graduate students can also register to participate in a poster competition that will be held during the conference.

The OK NSF EPSCoR Research Infrastructure Improvement Award No. OIA-1301789 (2013-2018), "*Adapting Socio-Ecological Systems to Increased Climate Variability*," is a multi-institutional collaborative project that includes researchers from Oklahoma State University, Samuel Roberts Noble Foundation, University of Oklahoma and University of Tulsa. Researchers from these institutions are working together to significantly advance the understanding of how socio-ecological systems can adapt sustainably to increased climate variability caused by a changing climate. [Learn more about the research project.](#)

For more information about the conference which is hosted by Oklahoma NSF EPSCoR, Oklahoma State Regents for Higher Education and the National Science Foundation, visit <http://www.okepscor.org/calendar/2017-oklahoma-nsf-epscor-state-conference> or email Gina Miller, outreach coordinator, at gmill@okepscor.org.

Registration for the conference is free, but required, via the link below. If a poster will be presented (during either the poster session or poster competition), the poster title and abstract must be submitted at the time of registration; the deadline to register with a poster is Wednesday, March 15, at 5 p.m. For those not presenting a poster, the registration deadline is March 21 at 5 p.m.

2016 SALSb CONFERENCE - SAN ANTONIO, TEXAS!
MARCH 23-25, 2017**

NOTE: General Information about the conference is available at our website: <http://www.salsb.org> (click "2016 Conference"). If you have a specific question, please contact Laura Sullivan, Executive Director, at laura@salsb.org (936-294-4631), or Joe Zavaleta, Webmaster, at joe@salsb.org.

DEADLINE FOR SUBMISSION: MARCH 3, 2017 (Note: Only abstracts are required for registration; final drafts are required to present at the conference.)

Please join us in San Antonio, Texas, for our 2016 Annual Conference, which begins Thursday, March 23rd @ 8:30 a.m. and continues until Saturday, March 25th @ 12:00 noon.

Due to the overwhelming demand, we will be returning to the SA Holiday Inn Riverwalk (website: www.hiriverwalk.com), which is literally ON the Riverwalk in historic, downtown San Antonio. The newly renovated Holiday Inn Riverwalk is in the heart of all the excitement that the RiverWalk has to offer. You are steps away from the Alamo, fantastic shopping and world class dining. Tentative events include: a visit to the Hemisphere Tower and Old Mercado (Market) in downtown San Antonio, a San Antonio Spurs game, and our annual "RiverWalk Cruise" through old San Antonio.

The annual Best Paper will be presented by Cengage/Southwestern Publishing, along with a \$500 cash prize. In addition, registration includes CLE credits of up to 14 hours approved by the Texas State bar, as well as other bars. And attendees now have the option of publishing their articles in one of our two peer-reviewed journals: *The Southern Law Journal* (Editor in Chief, Daniel T Ostas) or the *Southern Journal of Business and Ethics* (Editor in Chief, Marty Ludlum), both accessible via our website.

Also, the 2017 conference we will once again feature a **remote video paper presentation session**. If you cannot physically attend SALSb, you can present your paper to us at a special session at the conference direct from your home or your office! This special session is targeted to help those members who cannot travel due

to time, personal emergencies, or budgetary constraints. Attendees who wish to be considered for this special session must be completely familiar with video-conference technology and agree to pay a 'premium' registration fee that helps offset conference hotel costs. Email us directly with further questions.

PLEASE "LIKE" us on our new Facebook page <http://facebook.com/salsb.org> to receive FB updates. (you must be logged in to FB to see the page)
