LANGSTON UNIVERSITY
LANGSTON UNIVERSITY TRANSPORTATION ACADEMY
TRANSPORTATION RELATED DISCIPLINES

Accounting
Acoustics
Acquisitions
Aeronautical Studies
Aerospace Engineering
Agribusiness
Air Traffic Control Engineering
Airway Computer Science
Airway Science
American Indian Studies
Anthropology
Applied Mechanics
Arborist
Architectural Design
Architectural Engineering
Aviation Flight Management
Biology
Biomechanics
Business Administration
Business Economics
Business Management
Cartography and Geography
Chemical Engineering
Chemistry
City/Regional Planning
Civil and Environmental Engineering
Civil and Transportation Engineering
Civil Engineering
Communications
Computational Hydroscience and Engineering
Computer Aided Engineering
Computer Science
Construction Automation
Construction Engineering
Counseling Psychology
Criminal Justice
Cultural Anthropology
Ecology
Economics
Education
Electrical Engineering
Electronic Engineering
Electronics
Energy and Electromagnetic Engineering
Engineering
Engineering Mechanics
Engineering Science
Engineering Systems Design
English
Environmental Chemistry
Environmental Engineering
Environmental Management
Environmental Planning
Environmental Science
Environmental Specialist
Ethnography
Experimental Psychology
Fiber-Reinforced Composite
Finance
Flight Transportation
Forester
Geography
Geography Transportation Specialist
Geotechnical Engineering
Gerontology
Historical Preservation
History
Human factors
Human Resource Development
Hydraulic Engineering
Industrial Engineering
Industrial Systems Engineering
Industrial Technical Management
Information Systems Management
Intelligent Transportation Systems
Intelligent Vehicle Highway Systems
Landscape Architecture
Law
Law and Public Policy
Law Enforcement
Liberal Arts
Logistics
Management
Management Engineering/Logistics
Management Information Systems
Management System Engineering
Manufacturing Engineering
Marketing
Materials Engineering
Mathematics
Mechanical Engineering
Mechanical Pavement Design
Metallurgical Engineering
Meteorology
Nuclear Engineering
Nursing
Oceanographic Engineering
Operations Research
Organizational Communication
Organizational Development
Pavement Materials
Pavements
Pavements and Materials
Petroleum Engineering
Pharmacology
Physical Sciences
Physics
Planning
Policy Analysis
Political Science
Political Science and Public Administration
Psychology
Public Administration
Public Policy
Public Policy and Administration
Public Policy and Urban Planning
Real Estate
Regional Planning
Regional Science
Restoration Ecology
Right-of-Way
