SCHOOL OF NURSING AND HEALTH PROFESSIONS
LPN to BSN
Academic Degree Map

NOTE: 60 hours must be earned at a senior institution, 30 of which must be earned at LU. 124 hours are required for graduation (electives may be used to amass the total). A maximum of 64 hours may be used from the junior college level.

Qualified Licensed Practical Nurses may earn Advanced Placement credit for the following courses:

NR 3435 Psychosocial Nursing
NR 3445 Childbearing Family Nursing
NR 4325 Childrearing Family Nursing

Advanced Placement

The National League for Nursing (NLN) offers the Nursing Acceleration Challenge Examination (NACE) to facilitate educational mobility by providing educators with an instrument for diagnostic evaluation of the applicant's nursing knowledge. The NACE is designed to evaluate previous learning and experience in order to establish credit and administration to licensed practical nurses seeking placement in programs preparing for registered nursing practice.

Qualified Licensed Practical Nurses may earn up to 15 credit hours for selected nursing courses by successfully completing Advanced Placement through the NACE in the following courses:

NR 3435 Psychosocial Nursing	*NACE II Care of a Client with a Mental Disorder
NR 3445 Childbearing Nursing	*NACE I Care of the Childbearing Family
NR 4325 Childrearing Nursing	*NACE I Care of the Child

NACE Descriptions

Care of the Client during Childbearing includes content related to nursing care during the antepartal, intrapartal, postpartal, and neonatal periods. (100 Items / 2 hours administration)

Care of the Child includes content related to nursing care of the infant, the toddler and preschooler, and the school aged child and adolescent. (100 Items / 2 hours administration)

Care of the Client with Mental Disorder: includes content related to nursing care of individuals who have mental disorders. (100 Items / 2 hours administration)

The test items constitute a representative sample of health problems and conditions commonly encountered in nursing practice. The questions relate to the promotion, maintenance, and restoration of health. They emphasize normal findings, as well as deviations from normal, treatment modalities including drugs and nutrition, and nursing interventions.

Schedule

Qualified Licensed Practical Nurses must successfully complete the NACE by achieving a designated benchmark score prior to enrollment into the Junior 2nd semester for NR 3435 Psychosocial Nursing and NR 3445 Childbearing Nursing. The student will need to complete

LANGSTON UNIVERSITY
SCHOOL OF NURSING AND HEALTH PROFESSIONS
LPN to BSN
Academic Degree Map

the NACE for NR 4325 Childrearing Nursing prior to the Senior 1st semester. Failure to complete and meet the benchmark prior to the start of the semester will result in the student needing to enroll in those courses through the traditional program. The NACE will be scheduled with the Director/Dean of Nursing through the NLN exam portal and administered by the School of Nursing. The student is responsible for the cost of the exam.

Benchmark

A benchmark score of 70 has been established by Langston School of Nursing in order to qualify for Advanced Placement. Each NACE may only be taken one time. Failure to meet the benchmark will result in the student having to enroll and take the course through the traditional program. Courses in Junior 2nd Semester and Senior 1st Semester may be combined and taken in one semester, depending on successful completion of the NACE. The plan of study may be adjusted to reflect Advanced Placement.
